

Bearmach Suspension Kits

For the Ride of Your Life

The ultimate suspension kit, with Bearmach Premium Blue Springs, and Pro-comp Shock Absorbers

Bearmach Blue Springs

Bearmach Blue Springs are designed as a superior replacement part for mass produced O.E. (Original Equipment) coil springs, manufactured with steel supplied by OneSteel (previously BHP) with the finest quality micro alloy spring steel. They are manufactured to the highest standards in accordance with ISO9002, demonstrating the ongoing commitment to developing the highest quality of products and services.

Why Springs are Replaced?

To achieve improvements in the following areas:

- Ride Height
- Handling
- Load Carrying Capacity
- Comfort

Pro Comp Shock Absorbers

Pro Comp Shocks are the number one choice when it comes to high performance shocks for your Land Rover, with high quality features and tuned valving you always get the most out of your vehicle on the street or on the trail.

The ES9000 Series are performance gas shocks

- Twin tube nitrogen stabilized
- 10 stage velocity sensitive valving
- Expanded twin tube design increases fluid capacity up to 50%
- 1 3/8" nylon banded piston rod
- Optional shock boots sold separately (in a variety of colours)

Ride Height Options

Vehicle ride heights (Eyebrow Heights) are measured vertically from the centre of the wheel hub to the edge of the guard.

Vehicle ride heights are approximate only and can vary depending on:

- Age of Vehicle
- Load bearing accessories (i.e. bullbars wches, extra fuel tanks, spare wheel carrier etc)

When selecting springs all of these factors must be taken into consideration.

BA 3750 Def 90

Plus 2" lift kit, contains 4 plus 2" springs and 4 plus 2" Pro Comp 9000 Series shock Absorbers

BA 3751 Disco 1 / Range Rover Classic

Plus 2" lift kit, contains 4 plus 2" springs and 4 plus 2" Pro Comp 9000 Series shock Absorbers

BA 3752 Def 110

Plus 2" lift kit, contains 4 plus 2" springs and 4 plus 2" Pro Comp 9000 Series shock Absorbers

BA 5755 Disco 2

Plus 1.5" lift kit, contains 4 plus 1.5" springs and 4 Tuffback shock absorbers

Pro Comp do not list for Discovery 2 therefore, we use Tuffback Shock Absorbers, designed in the Australian outback to offer superior performance and durability. With increased capacity to help cooling on prolonged use and has the option of extended length.
